D.O. No. K-15016/185/2015-SC-I

November 28, 2015

Dear

I am writing to you regarding the next steps to be taken in the Smart City Mission. I had written in my earlier letter of even number dated 28th August 2015 that the Smart City Proposals have to be submitted by 15th December 2015.

In the two Workshops that have been held, first being the 'Ideas Camp' on 6-7 October 2015 and the second on 21st November 2015, extensive interaction took place with the Principal Secretaries, Mayors and Municipal Commissioners from all the State Governments and UTs. We are encouraged by the tremendous enthusiasm shown by all the cities about the Mission and the widespread citizen consultation that have taken place. In these Workshops, our endeavour was also to disseminate global best practices, as well as to promote convergence with other schemes of Government of India.

We had planned the Workshop on 21st November 2015 keeping in mind that now the stage has come for cities to start writing their Smart City Proposals. The Workshop provided an opportunity for the Principal Secretaries and Municipal Commissioners to seek clarifications from the Ministry representatives and experts, with a view to improving their ideas. The feedback we received was that this Workshop was extremely useful.

Now we are eagerly looking forward to the submission of the Smart City Proposals by all the cities. As per the Mission Guidelines, the proposals have to be reviewed and recommended by the State Level High Powered Committee, which has already been constituted under your chairmanship. I am afraid, no extension in the submission date would be possible. Therefore, please keep in mind that all Smart City Proposals by the cities have to be submitted by 15 December 2015.

Yours sincerely,

Sd/-
